

COLORIQ
The Chemistry Behinds...

Colorwetol DT conc

This wetting has excellent scouring and rewetting capabilities.

Product Information

For the purpose of scouring cotton yarn, knits, terry towels, polyester, and mixes, Wetol-DT is a low foaming, solvent-free wetting cum detergent. Even at low liquor ratios, the product can be used with a jet dyeing machine because to its minimal foaming properties. The product works effectively for both boiling and high-temperature scouring and bleaching. It is free from npeo and apoe

FEATURES

- Swift wetting action and strong cleaning power
- Improved cleanliness and enhanced absorbency of the material
- Harmoniously interacts
- Maintains stable pH levels
- Produces minimal foam.
- Environmentally friendly

PROPERTIES

Appearance -----→ Colourless to hazy Liquid

pH -----→ Approx.7.0

Ionic nature -----→ Non-ionic

Stability to Temperature -----→ Good

Stability to Hard water -----→ Good

DOSAGE & APPLICATIONS

0.4 – 0.5 ml/l -----→ Colorwetol DT conc

CAUTION

- 🌿 In case of skin contact, wash with plenty of water.
- 🌿 In case of eye contact, wash with plenty of water and seek medical advice.

PACKING MATERIAL

50KG BAG PACKING.

The storage guidelines for the product

1.Storage Conditions:

- 🌿 Store the product in its original container.
- 🌿 Keep it in a dry, dust-free location at temperatures below 50°C.

2.Ventilation and Compatibility:

- 🌿 Ensure the storage area is well-ventilated.
- 🌿 Keep the product away from incompatible materials (as specified in the Material Safety Data Sheet) and food items.

3.Container Handling:

- 🌿 Seal the container tightly after each use.
- 🌿 Avoid pouring unused material back into the container.

4.Shelf Life:

- 🌿 The product remains usable for at least 24 months from the date of manufacture.
